

Give It To You (from Songland)

[Julia Michaels](#)

I don't say this about just anybody
I don't usually stay for mornin' coffee
But I don't wanna waste you
On feelin's I can't do
I don't say this about just anybody (Huh-uh) Yeah, I lost my heart in a love fight
But if I had it, I would give it to you
Would you follow suit if it felt right?
Yeah, if I had it, I would give it to you
What you've been waitin' for, isn't even mine anymore
'Cause I lost my heart in a love fight (I lost my heart in a love-)
You don't even know how bad I want this (Want this)
But Confucius says stop being cautious
I'm jealous of our friends and how they just jump in
But you don't even know how bad I want this (Hey, yeah) Yeah, I lost my heart in a love fight
But if I had it, I would give it to you
Would you follow suit if it felt right?
'Cause if I had it, I would give it to you
What you've been waitin' for, isn't even mine anymore
'Cause I lost my heart in a love fight (Mm) But if I had it, I would give it to you
Yeah, if I had it, I would give it in a minute, I'm in it for just you
If I had it, I would give it in a second, you know that I would, too
Yeah, if I had it, I would give it in a minute, I'm in it for just you
If I had it, I would give it to-
Yeah, if I had it, I would give it to you, yeah
Yeah, I lost my heart in a love fight
But if I had it, I would give it to you
Would you follow suit if it felt right?
'Cause if I had it, I would give it to you
What you've been waitin' for, isn't even mine anymore
'Cause I lost my heart in a love fight (Love fight)
